**SSPICE IT!** project intends to increase VET teachers and learners' awareness of the relevance of sustainability, update VET curricula by integrating green and digital skills, and increase the capacity to assess these skills; to create a long-term partnership between VET providers, research centres, businesses, and public authorities at different levels.

## Implementation

The 7 partners of the SSPICE IT! project, representing the world of vocational training, research, and business of 6 different EU countries will:

- Design a training programme on sustainability to develop green and digital skills of future operators/entrepreneurs of the food/catering sector;
- Develop a game-based career guidance and assessment tool on green, digital, and entrepreneurship skills;
- Create a community of practices involving key stakeholders in the food/catering sector.

## Results

- 🌱 Increased level of green, digital and entrepreneurship skills of VET learners
- 🌱 Increased level of awareness and green competencies of VET teachers
- 🌱 Enhanced dialogue and cooperation among VET centres and key stakeholders
- 🌱 Increased attractiveness and responsiveness of VET curricula to the labour market needs
